Detailed Action

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The amended and newly added independent claims features selectable routes by which data enters the computer from the LAN through the NIC, where it can pass through the system bus or the SCSI. And wherein the data departs the computer hard disk through the SCSI through the NIC to the LAN, bypassing the system bus. The examiner could not find such traits as claimed and it is therefore the examiner's belief that the claimed invention does indeed possess novelty.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
